Journeyman Electrician – Project Management Rockstar (Greater Green Bay, Appleton, and Oshkosh)

You're a big thinker, problem-solver, and natural leader. You take pride in your work and your electrical smarts. You're efficient, always thinking ahead, and like to work with a crew to get things done.

Sound like you? Read on.

What We Like about YOU

- Critical thinking
- Project management
- Communication
- The ability to read blueprints, provide direction, and delegate tasks
- Completion of an apprenticeship or equivalent work experience (8,000 hours)
- Journeyman's license

What to Expect on the Job

As a Journeyman Electrician, you'll complete electrical installations, troubleshooting, and maintenance for Industrial and Commercial projects. On the job, you'll advance your skills with these responsibilities and others:

- Install and layout conduit systems, various lighting systems, and basic control systems feeders
- Install motor feeders and make standard motor connections
- Analyze blueprints for job sites
- Analyze upcoming tasks and anticipate equipment, procedures, and training
- Complete a job layout for projects of various sizes
- Lead crews of 2-5 electricians
- Enforce a safe jobsite and maintain compliance with company safety, OSHA, and customer-specific safety standards
- Provide excellent customer relations
- Complete designs and surveys in the field
- Take service calls and troubleshoot electrical issues

What You'll Like about US

- Leading pay and benefits packages
- We have FUN and value family life
- Minimal out of state travel
- Our merit-based positions (non-union) provide job security

About Current Electrical

We are an electrical construction and engineering company that utilizes a safety-first, customer-centric approach to providing electrical solutions for general building, industrial, and mission critical applications. We handle new construction, remodels, and service calls for industrial, commercial, and residential clients. We also offer design-build and energy management solutions.

Founded in 2005, we are a veteran-owned company composed of electrical technicians, engineers, designers, BICSI-certified installers and technicians, journeymen, and master electricians.

Current Electrical is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law.
