## WHO WE ARE

Current Electrical Services is an electrical construction and engineering company that stands above the rest. We are a customer-centric, safety-first organization focused on providing first-class solutions. When you choose Current, you are choosing a partner in business.

We treat our employees like family. Why does that matter to you? A family works closely together to solve problems. A family is resilient and loyal. And a family evolves to adapt to new situations. We bring this mindset to every project and every service call. We go above and beyond to delight our customers and keep them coming back.

Founded in 2005, Current is a veteran-owned company composed of electrical technicians, engineers, designers, BICSI-certified installers and technicians, journeymen, and master electricians.

## OUR CAPABILITIES

We handle new construction, remodels, and service calls for industrial, commercial, and residential clients. We focus on safety, efficiency, and accuracy. We also provide design-build and energy management solutions. We are dedicated to bringing you the best-cost solution for your business.
